Double-sided w/ banner arm: two prints sewn together with blocking inner liner to achieve a double-sided positive flag, bottom and right side hemmed on inside (pillow case style), left and top sides with pole sleeve made of printed flag material, top pole sleeve sewn closed on right side, bottom with plastic snap hook

Recommended Fabrics

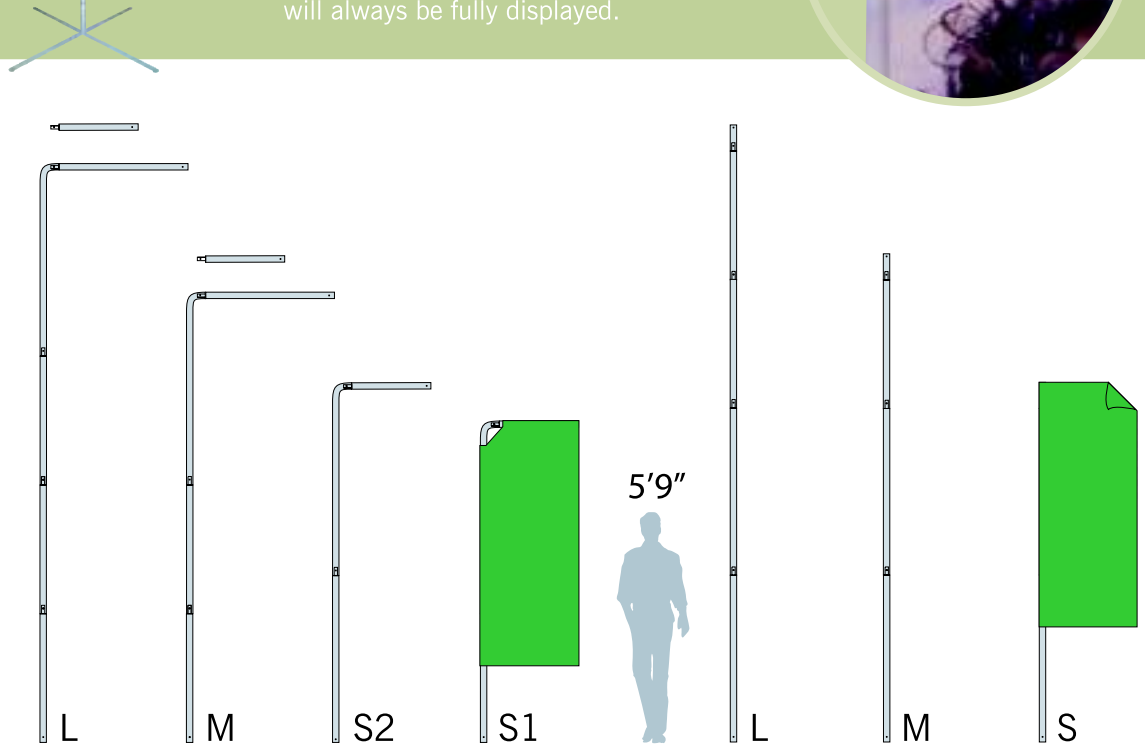

Fabric	S/	/S
Multiflag®	9	9
Varioflag® A	9	
Dekoflag H		9
Multisol® L		9

The lightweight Q-Frame® CS200 advertising system is the ideal medium to display a flag indoors or outdoors. It is great for any marketing campaign. You simply have to connect the pole segments, mount the flag, and you are ready to go

- For single-reverse or double-sided advertising
- Easy setup within minutes
- Fast replaceable advertisements
- Durable hardware
- Custom sizes available
- Optional Carrying Case

The Q-Frame® CS200 can be used with the optional banner arm. This will ensure that single-reverse or double-sided flags will always be fully displayed.

Assembly

The Q-Frame® CS200 is easily assembled by one person. The spring-loaded buttons snap the poles into place to create this flexible display.
