

## Starry Night Mini Instructions

### Step 1:

Lay the top section of pole down and put a clear pole ring just below the top acorn.

### Step 2:

Unscrew the lock screw from the ring.

### Step 3:

Put the Starry Night control box loop hole over the pole and ring.

### Step 4:

Place the lock screw through the hole and tighten to hold the Starry Night to the pole, DO NOT OVER TIGHTEN.

### Step 5:

Drive the included ground spike into your desired location.

### Step 6:

Assemble the pole from the bottom section up.

### Step 7:

Arrange your strands, per the included diagram, and plug in to power.
