Item:	Weight:
X Large Set	15 lbs. each
Large Set	12 lbs. each
Medium Set	10 lbs. each
Small Set	9 lbs. each

All weights are approximate
All sizes ship via UPS

Artwork Requirements

What type of files do you accept?

File types accepted include ai, .cdr, .eps, .tif, .svg. Created in Corel Draw, Adobe Illustrator, Freehand, or Adobe Photoshop. Vector files (i.e. .ai, .cdr, .eps, .svg), files comprised of outlines not pixels, are required for all submitted artwork. All submissions must be in CMYK, not RGB. We also need to know the Pantone Solid Color Coated number for each color in your flag.

Are there dimension requirements?

Yes, all artwork must be a minimum of 600dpi. The required dimensions will depend on the product you are ordering. Additional charges may apply if raster artwork does not meet requirements.

What about fonts?

To avoid font issues, all lettering should be changed to outlines or flattened.
